brand audit findings

review of Lara's q4 priority

01 / 07 / 2022

agenda

- Q4 priority
- Brand audit process
- Findings
- Quick wins
- Long term
- Next steps
- Questions

fathom

q4 priority

Audit the Fathom brand, documenting the ways our visual brand is applied across marketing, sales pursuits, physical spaces, client engagements, and more, in order to inform 2022 brand updates which will drive consistency and effectiveness. Share findings of audit by 12/23.

why focus on the brand?

- Launched in 2019
- Evolved and created inconsistencies

brand audit process

four high-level steps that bring us to today's conversation

DISCOVERY

- Searched box and projects to create initial research board
- Organized by department to navigate research
- Connected departments with groupings
- Highlighted most representative asset
- aka spaghetti and lasagna

CONVERSATIONS

- Met with:
  - Anna and Nash
  - Jeremy
  - Brent and Janna
  - Jenelle and Mara
  - Colin
  - Chrissy and Joe L
- Talked about documents used, current state, and what the future state could include
- Clustered convo notes for future insights

REVIEW

- Understand initial findings and gain clarity
- Talk through quick wins
- Review long term change

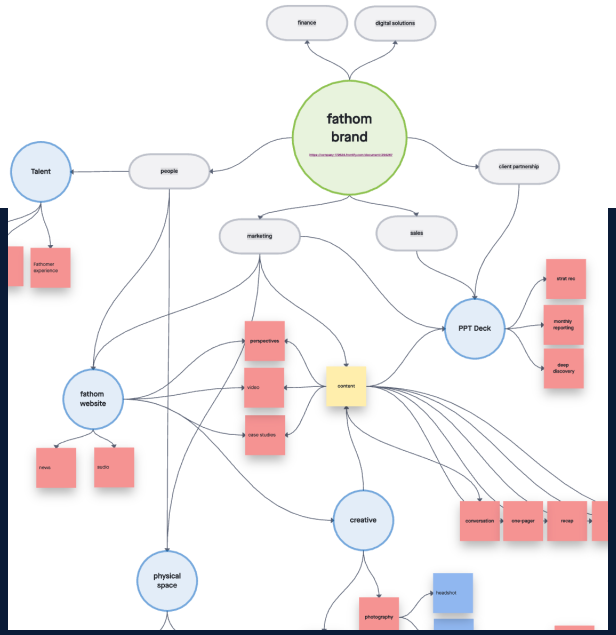

ACTION

- Critique of InVision board
- Timeline for updates
- Communication plan
- Long term actionable plan
- Keep learning, evolving, iterating

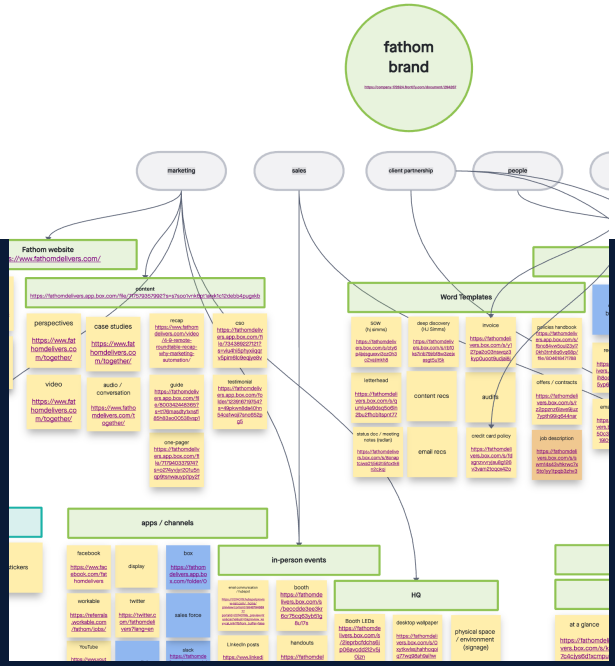

make order from chaos

evolution of discovery

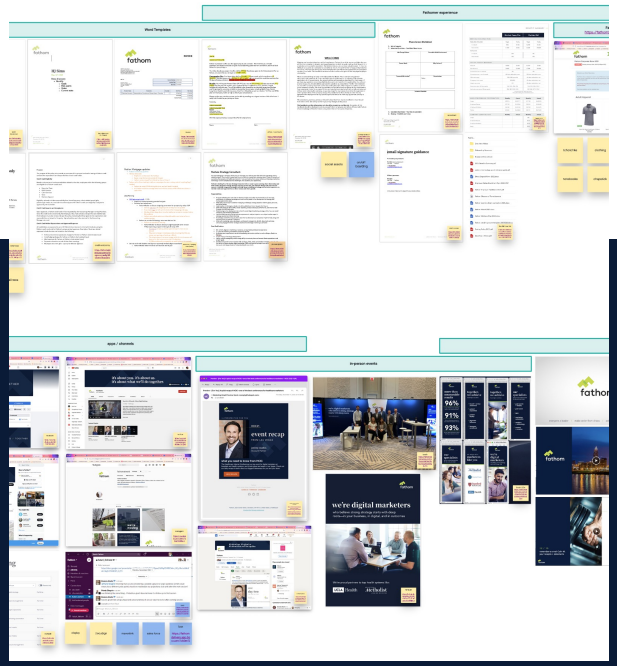

SPAGHETTI

LASAGNA

CURRENT STATE

fathom

initial findings

Two questions were top of mind throughout the process:

1. What drives inconsistency and how do we create consistency?
2. What is in market and why?

what drives inconsistency + how do we create consistency

initial findings

INCONSISTENCY

- Time: steep deadlines require moving quickly
- ***I'll just reuse this doc*** mentality
- Location of templates
- Fathomers who have been here longer have a harder time connecting with the brand

CONSISTENCY

- Location of templates
- PPT and Word
  - Less slides/options to choose from
  - Updated current template with 2021 enhancements
- Define a communication plan for Fathomers

what is in market + why?

initial findings

- PPT and Word are most used docs
  - easy to navigate, edit, share
- Creative material has outdated video and photography
  - website and social are the face of Fathom
- Social presence is inconsistent

fathom

every Fathomer interviewed complimented the brand + it's professional presence

minimal use of brackets was a pleasant surprise

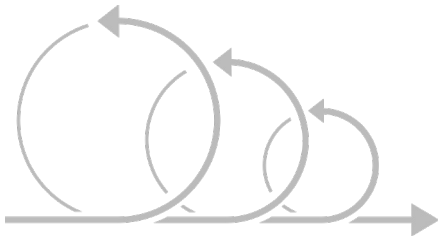

quick wins

Initial thoughts on what Marketing can do to make an immediate impact to Fathomers + the brand.

- Less slides in the deck and playbook, update winning layouts, and photography
- Make assets easier to find
- Announce new location and talk through the importance of our brand
- Invoice logo—yikes
- People/recruitment
  - job description template
  - workable
  - social presence
  - update all Jess mentioned docs with evergreen info

long term

It doesn't end here. Improvements will drive consistency + effectiveness.

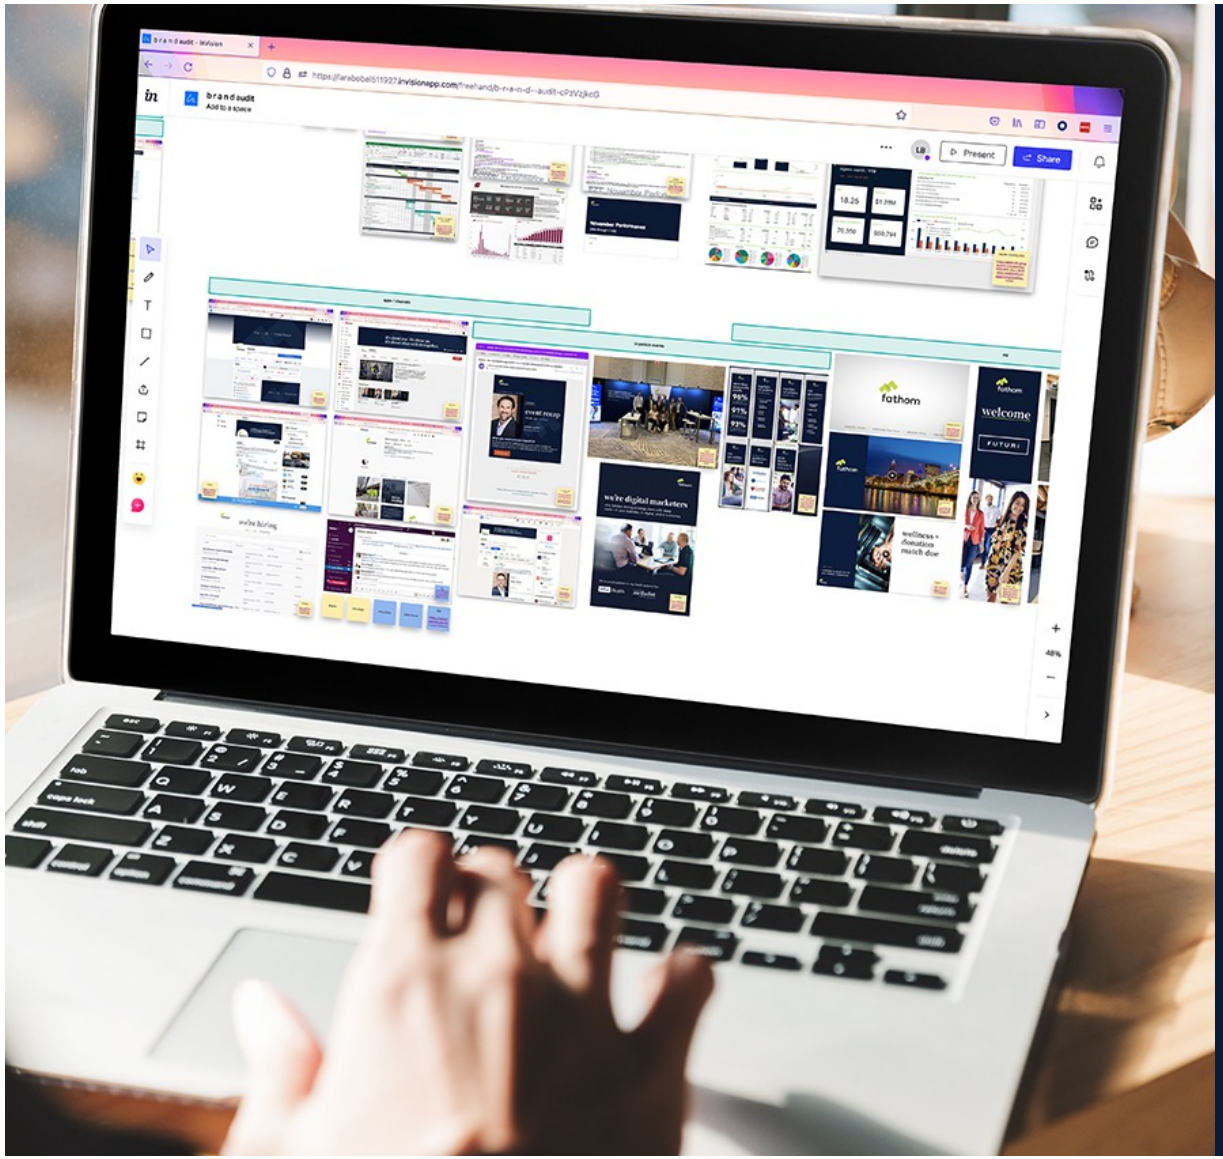

- What does teaching look like?
  - How do we keep the brand front of mind without being annoying?
- Better live notes solution
- Website update
  - Bring clients forward
  - Video + photography
- Social media calendar for recruiting, clients, + prospects
- Reporting consistency
  - Still learning—how can that be more consistent?

next steps

- Outline quick win timeline
- Set up conversations with needed Fathomers
- Work with team on priorities for long term + create actionable timeline
- InVision board review + creative critique
- Take action + monitor

fathom

InVision board review + critique

questions to consider

- What do we see
- What do we:
  - bring forward
  - sunset
- How do we elevate Fathom
- What changes to enforce

additional parking lot ideas

- Three lifecycles
  - general, industry, Fathomer
- AAG updates—reflecting new structure, consider video
- Update purpose video
- History of our space/people
- Creative solution to introduce office names into the space
- Coffee table book
- Regular effort to update digital at HQ
- How do we show up to client meetings
  - remote + in person
